

"For eleven years following my parents death, I battled with medical and psychological issues in a nursing home. Upon the day of my discharge, I met Derrick Gibbs. We sat and talked and he hooked me up with a Recovery Assistant. He was there when I had questions. Working with the Recovery Assistant over two years helped me get acclimated back into society after so many years in a nursing home. I want to thank Change Inc. for making my transition a smooth and successful one."

-Ellen

## About Us

Change Inc. was established in 2009 as a provider of community based home care and behavioral health services. We aim to support our individuals through a range of services to help lead healthier and more fulfilling lives. Our reliable and dedicated staff provide services throughout the entire state of Connecticut.

## Our Mission

Empower and promote positive change through compassionate care and clinical excellence.

We use our gifts to EMPOWER.  
We serve with INTEGRITY.  
We are COMPASSIONATE.  
We work as a TEAM.

Change Inc. is proud to be a CARF accredited program as well as a member of the Middlesex County Chamber of Commerce and the CT Gay & Lesbian Chamber.

1251 South Main Street  
Middletown, CT 06457

860-346-0771

## Why Choose Us?

We are CARF accredited and also a credentialed home care provider under:

- The Department of Social Services (DSS) Home Care Program for Elders
- The Department of Mental Health and Addiction Services (DMHAS)
- The Department of Social Services (DSS) Waiver for Persons with Autism

✓ We welcome individuals who receive DSS Waiver services as well as private pay

✓ We collaborate as a team to determine a care plan with goals and objectives for the individual to achieve with support and encouragement from their caregiver while maximizing independence

✓ We host complimentary events throughout the year for our individuals to engage with others and enhance their well-being in a fun and uplifting environment

✓ Our caregivers must undergo background checks and receive extensive training and continuing education annually

Change Inc. provides solely non-medical care.  
HCA License #0000616

"Before Change Inc., I had been living in a nursing home for three years. I was confined to a wheelchair and severely depressed. When I began to walk again, I knew being in a nursing home at 34 years old was not going to help me get better. Change Inc. has drastically changed my life. Change Inc. offered me a support system that I feel has empowered me to achieve my goals. Change Inc. helped me gain independence and control over my life."

-Melissa

## Our Core Services

For over a decade, we have been providing personalized non-medical in-home care to support individuals and families facing unique challenges. Our commitment is to ensure comfort, security, and independence at home. We provide a range of in-home care services tailored to your needs:
